

LCRH Price List

Initial consultation and transvaginal ultrasound scan	£290
Initial consultation via Skype/Zoom	£170
Follow-up consultation (up to 30 minutes)	£170
Telephone follow-up consultation (up to 30 minutes)	£170
Anaesthetic Review	£150
Counselling session	TBA
Nurse consultation prior to starting treatment	No Charge
Transvaginal Ultrasound scan	£200
Early Pregnancy scan	£200
HYCOSY – test of tubal patency / Saline Hysterosonogram	£500
Semen Analysis Comprehensive	£165
Semen Culture	£100
Sperm DNA Fragmentation Test	£395
Sperm Zymot	£200

Ovulation Induction / Cycle Monitoring

Monitoring Cycle Package <ul style="list-style-type: none"> • Baseline scan • Midcycle scan • Midcycle bloods (E2, P4, LH) • Luteal blood (P4) 	£550
Additional scan in monitoring cycle	£150

Common Investigative Blood Tests & Profiles

Anti-Müllerian Hormone (AMH)	£95
Follicle Stimulating Hormone (FSH)	£55
Estradiol (E2)	£55
Progesterone	£55
Lutenising Hormone (LH)	£55

Testosterone	£55
Prolactin	£55
TSH	£55
Female baseline profile day 1-4 (E2, FSH, LH and Prolactin)	£155
Male profile (LH, FSH, Testosterone, Prolactin and TSH)	£163
Monitoring profile (E2, LH & Progesterone)	£149
Typical Blood Tests In Treatment: E2 x 5, LH and Progesterone	£369
Thyroid profile (TSH, FT4 & FT3)	£135
Thrombophilia Screen	£620
Liver function	£60
Chromosome karyotype	£300
Chromosome Y deletions	£175
Cystic fibrosis carrier	£225
Chlamydia (urine)	£95
HTLV I / II	£119
Cytomegalovirus (CMV)	£135
Rubella IgG	£55
Syphilis Screen	£45
Quantitative beta HCG	£69
Harmony test (incl. scan)	£450
Full Blood Count	£45
Thalassemia Screen	£80
Vitamin D	£67
MSU	£52
APS screen (Phospholipid Antibodies, Lupus Abs & Cardio Abs)	£280
MTHFR Mutation	£265
Blood Group	£51
Sickle Cell Screen	£60

Virology

Virology (HIV; Hepatitis B HBsAg; Hepatitis B Anti-HBc; Hepatitis C) *	£145
Phlebotomy Charge	£25

*All patients undergoing IVF/ICSI/IMSI/IUI treatment are required to have Virology screening blood tests. These tests are valid for 3 months prior to a first treatment cycle and every 2 years thereafter for subsequent cycles.

Genetic Tests

Chromosomal Karyotype	£499
Fragile X Syndrome	£465
Cystic Fibrosis Carrier Screen	£355
Tay Sachs Carrier Screen	£499
Cytogenetics of Retained Products following Miscarriage	£650
Carrier Screening Test <ul style="list-style-type: none"> • Single Gene (CGT-Sync) • Additional screen for genes of interest from Second donor • Repeat testing if needed 	£695 £195 £350
Carrier Screening Test – Carrier Panel Individual (CGT - Plus)	£750
Carrier Screening Test – Carrier Panel Couple (CGT - Plus)	£1,350
GeneSeeker - Juno genetics DNA test Individual	£1,050

Endometrial Tests

ERA Test (Endometrial Receptivity Array Test) excluding scans and bloods	£1,295
Endometrial Microbiome Metagenomic Analysis (EMMA) excluding scans and bloods	£895
Repeat EMMA if needed	£100
EndomeTRIO, Complete View of Endometrial Health – (ERA, EMMA & ALICE) excluding scans/bloods	£1,595
Scans as part of ERA / EndomeTRIO (2 scans)	£250
Bloods as part of ERA / EndomeTRIO (2 x Progesterone)	£90

IVF / ICSI Cycles

IVF Treatment Cycle Fee	£3,950
Pre-treatment Nurse Consultation	Part of Treatment Fee
Counselling as required	Part of Treatment Fee
HFEA fee	Part of Treatment Fee
Cycle monitoring Scans	Part of Treatment Fee
Cycle management	Part of Treatment Fee
Admission & Theatre charges	Part of Treatment Fee
Anaesthetic & Medical Charges	Part of Treatment Fee
Sperm collection and preparation	Part of Treatment Fee
Egg collection and preparation*	Part of Treatment Fee
IVF Fertilisation	Part of Treatment Fee
Embryo Transfer / Embryo freeze if no transfer	Part of Treatment Fee
Follow up following a failed cycle*	Part of Treatment Fee
Additional Costs in all cycles	
Medication	See note below*
Monitoring Bloods - E2 x 5, LH and Progesterone	£369
Additional Costs if applicable	
Blastocyst Culture*	£615
ICSI	£1,390
IMSI	£1,855
Embryo Freezing (included first year of storage)*	£940

***Notes:**

- Medication cost will depend on duration and dose of medication required that can vary between individuals and between cycles. See individual drug prices below and table of total IVF medication costs below based on the average of 11 days of stimulation.

- Blastocyst Culture of Embryos - We aim to culture all embryos to day 5. This is charged in addition to the IVF cycle cost but will be refunded should culture to day 5 not be achieved.
- At egg collection, if there are no eggs collected, we regret that no refund can be issued. Should treatment be abandoned prior to the egg collection procedure, you will be eligible for a partial refund.
- Cycles which do not result in a clinical pregnancy are entitled to a free follow up, booked within 6 weeks of the cycle outcome
- Frozen embryo Transfer (FET) cycle fee will apply when embryos are thawed.

Frozen Embryo Transfer (FET) Cycle

Frozen Embryo Transfer (FET) Fee	£1,950
Counselling as required	Part of Treatment Fee
HFEA fee	Part of Treatment Fee
Cycle monitoring Scans	Part of Treatment Fee
Cycle management	Part of Treatment Fee
Embryo Thaw	Part of Treatment Fee
Embryo survival / re-expansion assessment	Part of Treatment Fee
Embryo Transfer	Part of Treatment Fee
Follow up following a failed cycle	Part of Treatment Fee
Additional Costs in all cycles	
Medication*	£75 - £650

*Medication costs will depend on the protocol selected and the duration and dose of medication required that can vary between individuals and between cycles.

Egg Freezing cycles

Egg Freezing Cycle Fee	£3,750
3 cycle Egg Freezing Package Fee*	£9,350
Pre-treatment Nurse Consultation	Part of Treatment Fee
Counselling as required	Part of Treatment Fee
HFEA fee	Part of Treatment Fee
Cycle monitoring Scans	Part of Treatment Fee
Cycle management	Part of Treatment Fee
Admission & Theatre charges	Part of Treatment Fee
Anaesthetic & Medical Charges	Part of Treatment Fee
Egg collection	Part of Treatment Fee
Egg preparation	Part of Treatment Fee
Egg Vitrification	Part of Treatment Fee
1 year annual storage fee	Part of Treatment Fee
Follow up consultation	Part of Treatment Fee
Additional Costs in all cycles	
Medication	See note below*
Monitoring Bloods - E2 x 5, LH and Progesterone	£369

***Notes:**

- If you opt for our 3 cycle package it is absolutely possible to opt out at any point (for example if a suitable egg number is achieved earlier) and we will recharge the cycles undertaken at the standard price list fees that applied at the time of treatment and refund the remaining difference. If a cycle is abandoned prior to egg collection, this will be disregarded from the 3 cycle package and charged at the standard abandoned cycle rate (depending on the number of scans performed). The packages are considered to be fulfilled when all 3 egg collections have been performed. All 3 cycles are to be completed within 1 year of purchase
- Medication cost will depend on duration and dose of medication required that can vary between individuals and between cycles. See individual drug

prices below and table of total IVF medication costs below based on the average of 11 days of stimulation.

- At egg collection, if there are no eggs collected, we regret that no refund can be issued. Should treatment be abandoned prior to the egg collection procedure, you will be eligible for a partial refund.
- The Egg thaw transfer cycle will apply when applicable

Egg Thaw and Embryo Transfer

Egg Thaw Cycle Fee	£3,340
Pre-treatment Nurse Consultation	Part of Treatment Fee
Counselling as required	Part of Treatment Fee
HFEA fee	Part of Treatment Fee
Cycle monitoring Scans	Part of Treatment Fee
Cycle management	Part of Treatment Fee
Egg Thaw	Part of Treatment Fee
ICSI Fertilisation	Part of Treatment Fee
Embryo Transfer / Embryo freeze if no transfer	Part of Treatment Fee
Follow up following a failed cycle*	Part of Treatment Fee
Additional Costs in all cycles	
Medication*	£75 - £650
Additional Costs if applicable	
Blastocyst Culture*	£615
IMSI*	£465
Embryo Freezing (included first year of storage)	£940

*Notes:

- Medication costs will depend on the protocol selected and the duration and dose of medication required that can vary between individuals and between cycles.

- Cycles which do not result in a clinical pregnancy are entitled to a free follow up, booked within 6 weeks of the cycle outcome
- Culture to Day 5 will be routinely recommended if there are a sufficient number of embryos on Day 3 so as further culture will enhance embryo selection for transfer
- IMSI may be advised in select cases of recurrent cycle failure and based on specific selection criteria

Intra-Uterine Insemination Cycles

IUI Cycle Fee	£1,150
Counselling as required	Part of Treatment Fee
HFEA fee	Part of Treatment Fee
Cycle monitoring Scans	Part of Treatment Fee
Cycle management	Part of Treatment Fee
Sperm Preparation	Part of Treatment Fee
Insemination Procedure	Part of Treatment Fee
Additional Costs in all cycles	
Medication*	£75 - £500

* Medication costs will depend on the protocol selected and the duration and dose of medication required that can vary between individuals and between cycles.

Treatment Packages

We offer limited treatment packages internally for specific patient groups freezing embryos as below.

For other IVF treatment package options we work with our partners at Access Fertility (<https://www.accessfertility.com>) who offer multi-cycle and refund packages to LCRH patients.

3 Cycle Embryo Freeze at Blastocyst Package	£12,300
Pre-treatment Nurse Consultation	Part of Treatment Fee
Counselling as required	Part of Treatment Fee
HFEA fee	Part of Treatment Fee
Cycle monitoring Scans for 3 cycles	Part of Treatment Fee
Cycle management for 3 cycles	Part of Treatment Fee
Admission & Theatre charges for 3 cycles	Part of Treatment Fee
Anaesthetic & Medical Charges for 3 cycles	Part of Treatment Fee
Sperm collection and preparation for 3 cycles	Part of Treatment Fee
Egg collection and preparation for 3 cycles*	Part of Treatment Fee
IVF Fertilisation for 3 cycles	Part of Treatment Fee
Blastocyst Culture for 3 cycles*	Part of Treatment Fee
Embryo freeze and first year of storage for 3 cycles	Part of Treatment Fee
Follow ups for 3 cycles	Part of Treatment Fee
Additional Costs in all cycles	
Medication	See note below*
Monitoring Bloods - E2 x 5, LH and Progesterone	£369
Additional Costs if applicable	
ICSI	£1,390
IMSI	£1,855

***Notes:**

- If a cycle is abandoned prior to egg collection, this will be disregarded from the 3 cycle package and charged at the standard abandoned cycle rate (depending on the number of scans performed). The packages are considered to be fulfilled when all 3 egg collections have been performed. All 3 cycles are to be completed within 1 year of purchase.
- Medication cost will depend on duration and dose of medication required that can vary between individuals and between cycles. See individual drug prices below and table of total IVF medication costs below based on the average of 11 days of stimulation.
- Blastocyst Culture of Embryos - We aim to culture all embryos to day 5. This is charged in addition to the IVF cycle cost but will be refunded should culture to day 5 not be achieved.
- At egg collection, if there are no eggs collected, we regret that no refund can be issued. Should treatment be abandoned prior to the egg collection procedure, you will be eligible for a partial refund.
- Frozen embryo Transfer (FET) cycle fee will apply when embryos are thawed.

Cryopreservation / Thawing

Embryo Freezing (includes up to 12 months of storage)	£940
Sperm Freezing (includes up to 12 months of storage)	£425
Annual Storage fee (for embryo's, eggs or donor / partner sperm)	£350
Additional Freeze / Thaw Charge*	£550
Annual storage fee (payable per annum for storage, non refundable)	£350
Import / Export of frozen gametes / embryos**	£280

*This charge applies to a fresh IVF/ICSI cycle that includes a further thaw of eggs or frozen embryos, a fresh IVF/ICSI cycle that includes a further freeze of eggs and a thaw/refreeze of frozen embryos/eggs.

**This charge is administrative and does not include courier charges

Genetics

PGT-A (per embryo up to 6 embryos)	£500
Each additional embryo	£275

Supplementary Procedures

Mock Embryo Transfer	£250
Embryo transfer in theatre (additional cost)	£1,000
Cervical smear and HPV testing	£180
MicroVE - Vaginal Microbiome Testing	£300
Embryoscope	£750
Egg Donation Overseas - Patient Administration Fee	£300
Egg Donation Overseas - UK Monitoring Cycle - Baseline Scan - Midcycle Scan - Midcycle Bloods (E2, P4, LH)	£550

Abandoned Cycles

Abandoned cycle, after 1 scan*	£400
Abandoned cycle after 2 scans*	£600
Abandoned cycle after 3 scans*	£800
Abandoned cycle after 4 or more scans*	£1,000

*Should treatment be abandoned prior to the egg collection procedure, you will be eligible for a partial refund of all but an abandoned cycle fee calculated as above as a charge per scan and admin fee of £200. Medications used and / or blood tests undertaken will not be refundable.

IVF Medication Individual Prices

Evorel 100 Patches box of 8 (price per patch)	£1.88
