

LCRH Price List

(effective 15th March 2024)

Please note:

- Prior to making any decision regarding treatment we advise that you have confirmed all costs with LCRH and request further clarification if anything is unclear.
- LCRH reserves the right to amend prices at any time.

Initial Assessment

- All individuals or couples need initial investigations to help determine the cause of any potential issues. This helps to plan treatment.
- All patients must complete an online Health Questionnaire prior to their first appointment. After this initial history other tests may be recommended or required to complete an assessment.

Services	Potential Cost
Initial consultation and transvaginal ultrasound scan	£360
Initial consultation (Virtual – Zoom/Skype) + subsequent scan	£200 / £360
Counselling (payable directly to the counsellor)	£80
Nurse Consultation	No Charge
Anti-Mullerian hormone (AMH) blood test*	£115
Semen analysis* (if applicable)	£185
Telephone follow up (15 min) with member of clinical team	Included with above

* Only if not performed already elsewhere.

Pre-Treatment Investigations

- The pre-treatment investigations are required before a first cycle of treatment but don't have to be repeated before any additional cycles. The clinical team will talk to you if the tests need to be done again.
- All tests apart from required virology screening may be performed by the GP.
- These are required before a first cycle and **do not** need repeating before each cycle but at specific intervals as guided by the clinical team.

Services	Cost
Virology (HIV, Hepatitis B HBsAg, Hepatitis B Anti-HBc, Hepatitis C) (per partner)	£160
Chlamydia (per partner)	£95
Full Blood Count (FBC) *	£50
Vitamin D (Vit D) *	£70
Thyroid stimulating hormone (TSH) *	£55
Rubella Proof (IgG) *	£70
Haemoglobin Electrophoresis (HBEL) * (Sickle cell and Thalassemia Screen)	£100

*Supplementary female tests (if not done by GP)

Investigations

Consultations	Cost
Initial consultation and transvaginal ultrasound scan	£360
Initial consultation (Virtual – Zoom/Skype)	£200
Follow-up consultation (up to 30 minutes)	£200
Telephone follow-up consultation (up to 30 minutes)	£200
Scans	Cost
Transvaginal Ultrasound scan	£200
Early Pregnancy scan	£200
HYCOSY – test of tubal patency	£550
Saline Hysterosonogram	£400
Harmony test including scan	£425
Ovulation Induction / Cycle Monitoring	Cost
Monitoring Cycle Package (does not include medications) <ul style="list-style-type: none">• Clinical planning and support• Baseline scan• Midcycle scan• Midcycle bloods (E2, P4, LH)• Luteal blood (P4)	£650
Estimated Medications (Ovitrelle, Letrozole and Cyclogest)	£110
Additional scan in monitoring cycle	£200
Male Investigations	Cost
Semen Analysis	£185
Semen Culture	£125
Sperm DNA Fragmentation Test	£450
Sperm Zymot	£200

Blood Tests – Hormonal Bloods	Cost
Anti-Mullerian hormone (AMH)	£115
Follicle stimulating hormone (FSH)	£50
Luteinizing hormone (LH)	£50
Estradiol (E2)	£50
Progesterone (P4)	£50
Prolactin (PROL)	£50
Quantitative beta HCG	£75
Thyroid profile (TSH, FT4, FT3)	£140
Baseline Hormone Profile (LH, FSH, E2)	£155
Monitoring profile in-cycle (E2, LH, P4)	£155
Blood Tests in Treatment cycle package: E2 x 5, LH and P4	£340
Infection	Cost
Virology (HIV, Hepatitis B HBsAg, Hepatitis B Anti-HBc, Hepatitis C)	£160
Rubella (IgG)	£70
Chlamydia (urine sample)	£95
HTLV 1& 2 Abs. (Human T Lymphotropic Virus Type I-II)	£90
Cytomegalovirus (CMV, IgG, IgM)	£100
Syphilis screen (venous, IgG, IgM)	£65
Miscellaneous	Cost
Cervical smear and HPV testing	£180
MicroVE - Vaginal Microbiome Testing	£350
Haemoglobin Electrophoresis (Sickle cell and Thalassemia Screen)	£100
Liver function	£65
Urine Chemistry, Microscopy and Culture	£65
Blood group	£60

Genetic Tests	Cost
PGT-Aneuploidy (PGT-A) Genetic testing	
PGT set-up fee (applies to PGT-A and PGT-SR)	£500
PGT-A (per embryo)	£500
PGT-SR Robertsonian translocation (per embryo)	£500
PGT-SR Reciprocal translocation (per embryo)	£500
PGT-M HFEA license application†	£495
PGT-M prep work up	£1,495
PGT-M (one to nine embryos)	£4,000
PGT-M Each additional embryo	£500
Genetic testing	Cost
Thrombotic risk profile	£700
MTHFR – common C677T + A1298C mutations	£250
Chromosome Analysis (KARY)	£450
Cystic Fibrosis Carrier Screen (CFS)	£355
Y-Chromosome Microdeletions (YDEL)	£275
Male Genetic Reproductive Profile (KARY + CFS + YDEL)	£850
Tay Sachs Carrier Screen	£675
Carrier Screening Test – Carrier Panel Individual (CGT – Plus, CGT- Exome)	£950/£1,650
Carrier Screening Test – Carrier Panel Couple (CGT – Plus, CGT - Exome)	£1,350/£1,950
GeneSeeker - Juno genetics DNA test Individual	£1,100
Endometrial Tests	Cost
EndomeTrio, Complete View of Endometrial Health – (ERA, EMMA & ALICE) including scans and bloods	£1,795
Endometrial Microbiome Metagenomic Analysis and Analysis of Infectious Chronic Endometritis (EMMA & ALICE) including scans and bloods	£1,095
Analysis of Infectious Chronic Endometritis (ALICE) including scans and bloods	£745

Please note this is not a complete or comprehensive list of all the tests available through LCRH.

Treatment Cycles

LCRH will provide tailor made quotes for proposed treatment plans after the initial consultation and scan. The following are offered as a guide to some typical treatment cycle costs and is not a complete or comprehensive list of all the services available. LCRH also works to provide donation, shared-motherhood and surrogacy options.

IVF Cycle Fee	£3,990
3rd IVF Cycle Fee (applied automatically) *	£2,490
Cycle management & support during the IVF treatment cycle	Part of Treatment Fee
Cycle monitoring scans	Part of Treatment Fee
Egg collection, anesthetic charges, and IVF procedure*	Part of Treatment Fee
Fresh embryo transfer OR Embryo freeze all (excludes cryostorage fee)	Part of Treatment Fee
Follow up consultation for cycles not resulting in a clinical pregnancy*	Part of Treatment Fee
Additional Costs in all cycles	
Medication*	£600 - £2250
Blood Tests in Treatment cycle package: E2 x 5, LH and P4	£340
Blastocyst Culture*	£625
Embryoscope*	£500
HFEA fee (payable on every cycle where an embryo transfer takes place)	£85
Additional Costs if applicable	
ICSI procedure*	£1,350
IMSI procedure*	£1,900
Freezing of supernumerary embryos following a fresh transfer* (excludes cryostorage fee)	£500
Cryostorage Options	
Storage of frozen eggs/sperm/embryos monthly direct debit	£30 / month
<ul style="list-style-type: none"> If all the eggs, sperm or embryos are thawed the ongoing storage cost will discontinue 	

***Notes:**

- Instead of offering a three-cycle package requiring a large upfront cost and various terms and conditions, LCRH will automatically reduce the cycle fee for every 3rd cycle.
- Medication cost will depend on duration and dose of medication required. This can vary between individuals and between cycles.
- Blastocyst Culture of Embryos - We aim to culture all embryos to day 5. This is charged in addition to the IVF cycle cost.
- ICSI will be advised by based on sperm quality and past cycle history and is not a routine part of all cycles.
- IMSI may be advised in select cases of recurrent cycle failure and based on specific selection criteria.
- At egg collection, if there are no eggs collected, we regret that no refund can be issued. Should treatment be abandoned prior to the egg collection procedure, you will be eligible for a partial refund.
- Monitoring embryo development in a non-interrupted time-lapse imaging incubator (Embryoscope) is preferred but will not be used if specifically requested.

Egg Freezing Cycle Fee	£3,250
3rd Egg Freezing Cycle Fee (applied automatically) *	£2,250
Cycle management & support during the Egg Freezing treatment cycle	Part of Treatment Fee
Cycle monitoring scans	Part of Treatment Fee
Egg collection and anesthetic charges *	Part of Treatment Fee
Egg freezing (excludes cryostorage fee)	Part of Treatment Fee
Follow up consultation	Part of Treatment Fee
Additional Costs in all cycles	
Blood Tests in Treatment cycle package: E2 x 5, LH and P4	£340
Medication*	£600 - £2250
Cryostorage Options	
Storage of frozen eggs monthly direct debit	£30 / month
• If all the eggs are thawed the ongoing storage cost will discontinue	

***Notes:**

- Instead of offering a three-cycle package requiring a large upfront cost and various terms and conditions, LCRH will automatically reduce the cycle fee for every 3rd cycle.
- Medication cost will depend on duration and dose of medication required that can vary between individuals and between cycles.
- At egg collection, if there are no eggs collected, we regret that no refund can be issued. Should treatment be abandoned prior to the egg collection procedure, you will be eligible for a partial refund.
- The Egg thaw transfer cycle will apply when applicable.

IUI Cycle Fee	£1,150
Cycle management & support during the IUI treatment cycle	Part of Treatment Fee
Cycle monitoring scans	Part of Treatment Fee
Sperm Preparation (partner or donor) and insemination	Part of Treatment Fee
Additional Costs if applicable	
Blood Tests in Treatment cycle package: E2 x 5, LH and P4	£340
HFEA fee (payable in cycles in which donor sperm is used)	£37.50
Medication*	£75 - £500

***Notes:**

- Medication cost will depend on duration and dose of medication required. This can vary between individuals and between cycles.

Frozen Embryo Transfer (FET) Cycle Fee	£2,050
Clinical planning & support during the FET treatment cycle	Part of Treatment Fee
Cycle monitoring scans	Part of Treatment Fee
Embryo Thaw and survival / re-expansion assessment	Part of Treatment Fee
Embryo Transfer	Part of Treatment Fee
Follow up consultation for cycles not resulting in a clinical pregnancy*	Part of Treatment Fee
Additional Costs in all cycles	
HFEA fee (payable on every cycle where an embryo transfer takes place)	£85
Medication*	£0 - £650

***Notes:**

- Medication cost will depend on duration and dose of medication required. This can vary between individuals and between cycles.

Egg Thaw, ICSI and Embryo Transfer Cycle Fee	£3,650
Clinical planning & support during the egg thaw treatment cycle	Part of Treatment Fee
Cycle monitoring scans	Part of Treatment Fee
Egg Thaw and ICSI fertilisation	Part of Treatment Fee
Fresh embryo transfer OR Embryo freeze all (excludes cryostorage fee)	Part of Treatment Fee
Follow up consultation for cycles not resulting in a clinical pregnancy*	Part of Treatment Fee
Additional Costs in all cycles	
Medication*	£0 - £650
Blastocyst Culture*	£625
Embryoscope*	£500
HFEA fee (payable on every cycle where an embryo transfer takes place)	£85
Additional Costs if applicable	
IMSI (top up) *	£550
Freezing of supernumerary embryos following a fresh transfer* (excludes cryostorage fee)	£500
Cryostorage Options	
Storage of frozen eggs/sperm/embryos monthly direct debit	£30 / month
• If all the eggs, sperm or embryos are thawed the ongoing storage cost will discontinue	

***Notes:**

- Medication cost will depend on duration and dose of medication required. This can vary between individuals and between cycles.
- Blastocyst Culture of Embryos - We aim to culture all embryos to day 5. This is charged in addition to the Egg Thaw cycle cost.
- IMSI may be advised in select cases of recurrent cycle failure and based on specific selection criteria.
- Monitoring embryo development in a non-interrupted time-lapse imaging incubator (Embryoscope) is preferred but will not be used if specifically requested.

Additional Lab Procedures	Cost
Embryo Freezing (excludes cryostorage fee)	£500
Sperm Freezing (excludes cryostorage fee)	£325
Additional Freeze / Thaw Charge*	£500
Storage of frozen eggs/sperm/embryos monthly direct debit <ul style="list-style-type: none">If all the eggs, sperm or embryos are thawed the ongoing storage cost will discontinue	£30 / month
Import / Export of frozen gametes / embryos**(UK)	£250
Import / Export of frozen gametes / embryos**(International)	£500

*This charge applies to a fresh IVF/ICSI cycle that includes a further thaw of eggs or frozen embryos, a fresh IVF/ICSI cycle that includes a further freeze of eggs and a thaw/refreeze of frozen embryos/eggs.

**This charge is administrative and does not include courier charges

Supplementary Procedures	Cost
Mock Embryo Transfer	£300
Embryo transfer in theatre (additional cost)	£1,000
Embryoscope	£500
Egg Donation Overseas - Patient Administration Fee	£300
Egg Donation Overseas - UK Monitoring Cycle (does not include medications) <ul style="list-style-type: none">Clinical planning and supportBaseline scanMidcycle scanMidcycle bloods (E2, P4, LH)Luteal blood (P4)	£650

Abandoned Cycles	Cost
Abandoned cycle, after 1 scan*	£400
Abandoned cycle after 2 scans*	£600
Abandoned cycle after 3 scans*	£800
Abandoned cycle after 4 or more scans*	£1,000

*Should treatment be abandoned prior to the egg collection procedure, you will be eligible for a partial refund but you will be charged an abandoned cycle fee.
